APPROVAL OF STATE ENGINEER
This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the
following limitations and conditions: This permit to change the point of diversion and place of use of the waters of an underground source as heretofore granted under Permit 19278 is issued subject to the terms and conditions imposed in said Permit 19278 and with the understanding that no other rights on the source will be affected by the change proposed herein.
The well shall be equipped with a 2-inch opening, an air line and a weir
or other type of measuring device at or near the well to facilitate the
measurement and control of the water. If well is flowing, a valve must
be installed and maintained to prevent waste. The State reserves the right to regulate the use of the water under this proposed change at
any and all times. "The place of use under this permit is restricted
to 163.05 acres located in portions of the NW and W NE Sec. 7,
the second second of the second secon
The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not
to exceed 2.486 cubic feet per second, but not to exceed a
yearly duty of 4.0 acre-feet per acre of land irrigated from any and/or
Actual construction work shall begin on or before March 6, 1968
Proof of commencement of work shall be filed before April 6. 1968
Work must be prosecuted with reasonable diligence and be completed on or before March 6. 1268
Proof of completion of work shall be filed before April 6, 1968
Application of water to beneficial use shall be made on or before. March 6, 1968
Proof of the application of water to beneficial use shall be filed on or before. April 6, 1968
Map in support of proof of beneficial use shall be filed on or before.
Commencement of work filed. Completion of work filed. Proof of beneficial use filed. Cultural map filed. Certificate No. (a 6 53 Issued 5-27 68 A.D. 19.67. Recorded. Recorded.
